Dear Sir:

Your letter to Mr Dick Lundy in reference to playing baseball with The Newark Eagles Baseball Club, has been given to me, as Mr Lundy has been ill for some time, and has not played baseball.

In your letter you offer your services as a catcher to the ballclub. You said Mr McHenry had suggested you writing us.

I would appreciate it if you would have Mr McHenry drop me a line about you, or if you know the pitcher McDuffy who is playing in Cuba with one of the teams, ask him to write me. He plays on this ball team.

I am enclosing you this story that was in one of our papers last week, because I wanted you to know what the situation is here now. It may be that you would not want to come to America under these conditions.

If you still want to come, let me know what salary you are asking for.

Very Truly Yours

Newark Eagles Baseball Club
